If you had enough of nature from your time with orienteering, we have other things to offer you, like shopping, culture and history. In **Gällstad**, south of Ulricehamn and close to Tranemo, you can find **clothes of famous brands to nice prices** for example.

At **Torpa-Hofsnäs**, right by the lake Åsunden, nature, culture, activities and recreation are getting on well. At Hofsnäs you will find a café/restaurant, bathing possibilities, craftsmen, and wonderful nature with walking paths. Torpa is most known for the castle that lies in the area, where the oldest parts dates from the 15th century. The castle is open daily and close by you will find a café, craftsmen and possibilities to stay over night.
